HADIL

Frontend Developer — Python & AI Enthusiast

devlopperweb10@email.com — GitHub: https://github.com/souacihadil

Summary

Frontend Developer with hands-on experience building responsive and modern web applications. Strong background in Python programming and foundational artificial intelligence concepts. Experienced in designing simple relational databases and system modeling using UML. Passionate about combining clean UI with solid logic and data-driven solutions.

Software Proficiency

HTML5   CSS3   JavaScript (ES6+)   React   Python   PHP   MySQL   Git / GitHub   Figma

Technical Skills

- Building responsive and mobile-first web interfaces
- Developing reusable React components
- Frontend and backend integration
- Writing clean, readable, and maintainable code
- Basic API consumption and data handling

AI & Data Skills

- Python programming for data processing and analysis
- Experience with machine learning and basic deep learning concepts
- Using libraries such as NumPy, Pandas, Matplotlib
- Familiarity with computer vision and generative models (2D to 3D concepts)
- Understanding of model training, evaluation, and experimentation

Databases & Modeling

- Designing simple relational databases
- Writing SQL queries (CRUD operations)
- Working with MySQL and PHP for backend logic
- Creating UML diagrams for system modeling

Projects

Personal Portfolio Website
React, JavaScript, CSS
Designed and developed a responsive portfolio showcasing projects, skills, and contact form.

AI-based Academic Project (2D to 3D)
Python, Deep Learning
Worked on a graduation project focused on transforming 2D images into 3D representations using deep learning and generative models.

Web Applications Projects
HTML, CSS, JavaScript, PHP, MySQL
Developed small to medium web applications with database integration and basic backend logic.

Education

Bachelor Degree in Computer Science
University SI ELHAOUAS BARIKA — 2023
Master Degree in Artificial intelligence
University SI ELHAOUAS BARIKA — 2025

Languages

Arabic: Native
English: Intermediate

Additional

Interests: UI Design, Artificial Intelligence, Web Development
